SUMMARY

Full Stack Developer with 3+ years of experience building web applications, REST APIs, and automation systems. Proficient in .NET/C#, React, Python, SQL and TypeScript with hands-on cloud experience using Azure. Focused on clean architecture, scalable microservices, and delivering high-quality software in agile environments.

EXPERIENCE

Full Stack Developer Intern | DTI Digital Nov 2024 – Nov 2025

- Developed corporate web systems for data visualization and strategic report generation.
- Built and maintained scalable REST APIs and microservices using .NET and Azure Functions .
- Designed and implemented calculation-intensive backend logic using .NET, ensuring high performance and numerical accuracy
- Implemented responsive and performant front-end interfaces with React and TypeScript.
- Participated actively in Scrum ceremonies, sprint planning, backlog refinement and continuous improvement practices
- Implemented automated tests using xUnit and React Testing Library, improving code reliability and maintainability

Full Stack Developer | Foco Interacao Jul 2023 - Nov 2024

- Designed and delivered custom web systems integrating banking APIs (.NET, PHP/Laravel, Python, Node.js).
- Automated repetitive business processes with intelligent bots, reducing manual workload significantly.
- Managed MySQL and SQL Server databases; deployed and maintained Linux and Windows servers.
- Built front-end interfaces using React and Vue.js; integrated external APIs and data pipelines.
- Developed automated test scripts using Selenium, improving reliability of data extraction and workflows

Software Engineering Intern | Brandt Meio Ambiente Jan 2023 - Jul 2023

- Maintained relational databases and developed internal applications for environmental data management.
- Automated corporate reporting workflows using Python, PostgreSQL, Google Sheets and Microsoft Office tools.

SKILLS

Backend: .NET · C# · Python · Java · Node.js · PHP (Laravel) · REST APIs · Azure Functions

Frontend: React · TypeScript · Vue.js · JavaScript · HTML5 · CSS3 · Tailwind CSS

Databases: SQL Server · PostgreSQL · MySQL · MongoDB

Cloud & DevOps: Azure · AWS · Azure DevOps · CI/CD · Git · GitHub · Linux

Architecture: Microservices · Clean Architecture · SOLID · DDD · TDD · Design Patterns · MVC

Testing: xUnit · JUnit · SonarQube · Selenium

EDUCATION

B.Sc. in Software Engineering - PUC Minas 2024 - 2027

Advanced English Certificate - Cultura Inglesa 2008 - 2019

LANGUAGES

Portuguese: Native | **English:** Fluent | **Spanish:** Advanced
